The notes on pages 2 and 3 form part of these financial statements

1 ACCOUNTING POLICIES

1.1 Basis of preparation of accounts

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective March 2000).

1.2 Turnover

Turnover represents the total invoiced value of goods and services made during the period, net of Value Added Tax and trade discounts.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Plant and machinery	25% reducing balance basis
Office furniture and equipment	20% reducing balance basis
Motor vehicles	25% reducing balance basis
Computer equipment	25% straight line basis

1.4 Leasing and hire purchase contracts

Assets obtained under hire purchase contracts are capitalised as tangible fixed assets and are depreciated over their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the installment payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligatiion outstanding in each period.

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to profit and loss account as incurred.

1.5 Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks.

1.6 Foreign currencies

Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction. Exchange differences are taken into account in arriving at the operating profit.

1.7 Deferred taxation

Provision is made for taxation deferred as a result of material timing differences between the incidence of income and expenditure for taxation and accounts purposes, using the liability method only to the extent that in the opinion of the directors there is a reasonable probability that a liability or asset will crystallise in the foreseeable future.

1.8 Pensions

The company operates a defined contribution pension scheme, The Amtech Developments Limited Pension Scheme, and the pension charge represents the amounts payable by the company to the fund in respect of the year.
