**NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 30TH JUNE 2010**

1 ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents rent receivable, all attributable to the principal activity of the company and arises within the United Kingdom

Tangible fixed assets

In accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008) no depreciation is provided in respect of freehold properties held as investments. This is a departure from the requirements of the Companies Act 2006 which requires all properties to be depreciated. Such properties are held for investment and not for consumption and the directors consider that to depreciate them would not give a true and fair view. Depreciation is only one of the many elements reflected in the annual valuation of properties and accordingly the amount of depreciation which might otherwise have been charged cannot be separately identified or quantified. The directors consider that this policy results in the financial statements giving a true and fair view.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.
