For the year ending 30 November 2011 the company was entitled to exemption from audit under section 477 (2) of the Companies Act 2006. The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibility for

- i) ensuring the company keeps accounting records which comply with Section 386, and
- ii) preparing accounts which give a true and fair view of the state of affairs of the company as at the end of the financial year, and of its profit or loss for the financial year, in accordance with the requirements of section 393, and which otherwise comply with the requirements of the Companies Act relating to accounts, so far as is applicable to the company.

These accounts have been delivered in accordance with the provisions applicable to companies subject to the small company regime.

Signed on behalf of the Board of Directors on 15 June 2012

N J Esterkin
Director

The notes on pages 2 to 3 form an integral part of these financial statements.

Esterkin Developments Limited

Notes to the financial statements for the year ended 30 November 2011

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention modified to include the revaluation of certain fixed assets and in accordance with applicable accounting standards, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1.2. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost or valuation less residual value of each asset over its expected useful life, as follows

Fixtures, fittings and equipment	-	20% Straight line
----------------------------------	---	-------------------

1.3. Investment property

Investment property comprises freehold and leasehold properties that are held to earn rentals or for capital appreciation or both. Investment property is not depreciated but is stated at fair value based on the valuations by the directors. Fair value is based on current prices for similar properties in the same location and condition. Any gain or loss arising from a change in the fair value is recognised in the profit and loss. Rental income from investment property is recognised on a straight line basis over the term of the lease. Lease incentives granted are recognised as an integral part of the total income.

1.4. Taxation

UK corporation tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is not recognised when fixed assets are revalued unless by the balance sheet date there is a binding agreement to sell the revalued assets and the gain or loss expected to arise on sale has been recognised in the financial statements.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

1.5. Turnover

Turnover represents amounts receivable in respect of property rentals in the UK net of VAT. The company recognizes its turnover on an accrual basis.
