NOTES TO THE ABBREVIATED ACCOUNTS
YEAR ENDED 30 JUNE 2012

1. Accounting policies

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Cash flow statement

The company has adopted the Financial Reporting Standard For Smaller Entities (effective April 2008) and is consequently exempt from the requirement to include a cash flow statement in the financial statements

Turnover

The turnover shown in the profit and loss account represents the value of all services provided during the year, at selling price exclusive of Value Added Tax. Sales are recognised at the point at which the company has fulfilled its contractual obligations and the risks and rewards attaching to the service have been transferred to the customer

Fixed assets

All fixed assets are recorded at cost. Cost represents purchase price together with any incidental costs on acquisition, exclusive of value added tax

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows

Plant & Machinery	- 20% reducing balance
Motor Vehicles	- 20% reducing balance
Equipment	- 20% reducing balance

Operating lease agreements

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease

Pension costs

The company operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the company. The annual contributions payable are charged to the profit and loss account

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date
