#### **1 Accounting policies**

The financial statements have been prepared under the historical cost convention. The following principal accounting policies have been applied:

##### *Depreciation*

Depreciation is provided to write off the cost or valuation, less estimated residual values, of all tangible fixed assets, except for investment properties and freehold land, evenly over their expected useful lives. It is calculated at the following rates:

Freehold buildings - 2%

##### *Investment properties*

In accordance with SSAP 19 investment properties are revalued annually to open market value and no depreciation is provided. The directors consider that this accounting policy results in the financial statements giving a true and fair view. The effect of this departure from the Companies Act 1985 has not been quantified because it is impracticable and, in the opinion of the directors, would be misleading.

The aggregate surplus or deficit arising on revaluation is transferred to the revaluation reserve except where a deficit is deemed to represent a permanent diminution in value, in which case it is charged to the profit and loss account.

##### *Turnover*

Turnover represents rental income and service charges receivable, net of value added tax.

##### *Deferred taxation*

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that:

- deferred tax is not recognised on timing differences arising on revalued properties unless the company has entered into a binding sale agreement and is not proposing to take advantage of rollover relief; and
- the recognition of deferred tax assets is limited to the extent that the company anticipates making sufficient taxable profits in the future to absorb the reversal of the underlying timing differences.

Deferred tax balances arising from underlying timing differences in respect of tax allowances on industrial buildings are reversed if and when all conditions for retaining those allowances have been met.

Deferred tax balances are not discounted.

#### **2 Turnover**

Turnover arises solely within the United Kingdom.
