The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30th September 2010

The members have not required the company to obtain an audit of its financial statements for the year ended 30th September 2010 in accordance with Section 476 of the Companies Act 2006

The directors acknowledge their responsibilities for

- ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company

The notes form part of these abbreviated accounts

PROTOCON ENGINEERING LIMITED

ABBREVIATED BALANCE SHEET - continued
30TH SEPTEMBER 2010

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies

The financial statements were approved by the Board of Directors on 01/02/2011 and were signed on its behalf by

Mr G A Smith - Director

The notes form part of these abbreviated accounts

PROTOCON ENGINEERING LIMITED

NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30TH SEPTEMBER 2010

1 ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter

Freehold property	- Over 40 years
Plant and machinery	- at varying rates on cost
Computer equipment	- 33% on reducing balance

The company's freehold property was valued on the basis of open market value for existing use in 1992. On adoption of Financial Reporting Standard for Smaller Entities, the company has followed the transitional provisions to retain the book value of its freehold property which was revalued in 1992 and not to adopt a policy of revaluation in the future

These values are retained subject to the requirement to test assets for impairment in accordance with Financial Reporting Standard for Smaller Entities

Plant and machinery is depreciated to a residual value of 20% on cost, on a straight line basis, over five years. This residual value is then depreciated to zero on a straight line basis for a further five years

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability
