Surface Processing Limited

Notes to the abbreviated financial statements for the year ended 30 September 2012

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention and comply with financial reporting standards of the Accounting Standards Board

1.2. Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows

Plant and machinery	-	15% Straight Line
Fixtures, fittings and equipment	-	25% Straight Line
Motor vehicles	-	25% Straight Line

It is the company's policy to continually maintain and refurbish all freehold buildings. No depreciation is therefore provided on freehold buildings, as in the opinion of the directors, the residual values will be so high and lives of the assets so long that any depreciation would be immaterial

1.4. Leasing

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.5. Investments

Fixed asset investments are stated at cost less provision for permanent diminution in value.

1.6. Stock

Stock is valued at the lower of cost and net realisable value.

1.7. Pensions

The pension costs charged in the financial statements represent the contribution payable by the company during the year.

1.8. Deferred taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when timing differences reverse, based on current tax rates and laws.

1.9. Group accounts

The company is entitled to the exemption under Section 398 of the Companies Act 2006 from the obligation to prepare group accounts.
